Busy Month for Kindness Connections

AspenTech in Bedford

DCU - Digital Federal Credit Union

Salesforce - Asiapacforce

Thank you to AspenTech, DCU and Salesforce for hosting Kindness Connections events this month. We are so glad to have provided a volunteer in place experience to the employees of these companies.

As Christina M., Delivery Manager for Salesforce and Philanthropy Chair of Asiapacforce Metro Boston commented, “It has been a pleasure working with Power of Flowers Project and donating flowers to the people who really need them during the holidays! They have a great cause and their commitment to brightening up their community with flowers speaks volumes about their kindness.”

There's still time to support our End-Of-Year Campaign

Did you know...flowers have an immediate and long-lasting impact on happiness, behavior, and memory? Our bouquets lead to a connection, one that may be lost for someone living alone or with a disease. Our work helps to improve well-being for a forgotten population including those who have devoted their lives to caring for others.

Your support and generosity make it possible to fulfill our mission. Help us continue to Share Hope and Happiness. Give your gift today by **clicking here**
