The Flower Chronicles

Changing Roles

At the end of December, Lisa Fabin-Bett, Ph.D., our Director of Administration, left her position with Power of Flowers Project in order to pursue a new opportunity with a national non-profit organization.

Lisa joined us in April of 2019 as our office manager. Her skills quickly became an asset to our organization, as her list of accomplishments grew. In 2020, she began to share in the Leadership Role of the organization, and became our primary grant writer, and liaison to many including our volunteers, and floral donors.

Lisa assisted in heightening awareness of our organization by generating public recognition to a small otherwise unknown non-profit. Her passion for the elderly was unwavering and her dedication proved to be a true testament that this was more than a job for her.

Many thanks to Lisa for all she has done in strengthening our mission. We will miss her, and wish her all the best in her new role.
